Description:

Autumn 1943. American agent David Spaulding is among the global espionage elite who have converged on Buenos Aires. His top-secret mission

can bring World War II to an explosive end. But what happens in this city of assassins, betrayals, and sensual encounters is the most sinister and terrifying deal ever made between two nations. Intense, high-level covert negotiations will soon bear dangerous fruit with the aid of expatriate German industrialist Erich Rhinemann. But suddenly the game changes, and Spaulding is the man caught in the middle. Struggling furiously to save his sanity, the woman he loves, and his very life, Spaulding might be the only one who can rescue the world from a shattering fate. Praise for Robert Ludlum and *The Rhinemann Exchange*: "A superb plot filled with exciting chases, double crosses, secret codes, and beautiful women . . . a picture of the beastliness underlying the espionage world, a world of brilliance without scruples, brutality without restraint."—Chicago Tribune "A breathtaking pace . . . The plot is extraordinary."—Bestsellers "A paragon in the field."—The New York Times

Actually its the only Ludlum novel that I have ever read, but its a page turner. I saw the 1977 mini-series before I read the book, and I have to say that the book is much better, although I adore Stephen Collins, who was perfectly cast as David Spaulding, a handsome upper-class WASP who hoped to avoid combat but finds himself fighting fascism as an espionage agent in neutral territory in Portugal and Franco's Spain from 1939-1943. When Spaulding returns to the States shortly before the New Year of 1944, he is assigned to go on a dangerous top secret mission in Argentina on behalf of the United States military. The Third Reich needs uncut diamonds sent from South Africa to proceed with its rocket buildup at its Peenemunde factory and the American Air Force needs gyroscopes for its bombers to hit its targets at high range altitudes in Occupied Europe, and the man who facilitates the exchange in South America is a wealthy German-born Jew named Erich Rhinemann. The tradeoff is so bizarre that one wonders if Ludlum based his material on events that actually took place. I strongly suspect that Ludlum was heavily influenced by the 1946 Hitchcock classic *Notorious* with Cary Grant and Ingrid Bergman, which has a similar plot device but a much weaker storyline. *The Rhinemann Exchange* is a better story, although *Notorious* (which takes place in Brazil in 1946) was, and always will be, a better movie than the t.v. mini-series *The Rhinemann Exchange* which was loosely based on the best-selling novel. One aspect I liked about the novel as opposed to the television mini-series was the development of the female heroine Jean Cameron, a beautiful widow at the U.S. Embassy in Buenos Aires who falls in love with our hero and eventually marries him. The book's femme fatale is the equally beautiful high society former debutante Leslie Hawkwood (the step-niece of a wealthy Haganah agent), who slept with David long before the war, seduces him again when he first arrives home during the holidays just before Xmas in 1943, and becomes his fiercest adversary down Argentine way. In the mini-series, these two polar opposites were merged into one character portrayed by the model-turned-actress Lauren Hutton, who had great chemistry with Collins. She was never, however, Jean Cameron, whom they buried in the teleplay, but Leslie Hawkwood, who despite her opposition to Spaulding's mission, remains in love with him and marries him at the end. I was completely taken aback when I read the book and discovered how different the romantic angle was in the novel because the Leslie Hawkwood character in the book continually deceives Spaulding and will stop at nothing to abort the Rhinemann Exchange, while the lovely, virtuous Jean is totally loyal with no trace of the seductive treachery of the Hawkwood babe, who is loosely described as a high class slut. I hope I haven't divulged too many spoilers because this is a great read for anyone who appreciates a spy novel with an unforgettable plot, a feverish pace, and fascinating characters.
